Mission of Love

Mission Statement
As the visible hands of Jesus Christ, we strive to serve the poorest of the poor in Vietnam. Besides, medical and dental services, our main focus is to build houses, purified water systems, roads, and provide scholarships for poor students and orphans.

Our Gratitude
We thank God for our benefactors and their generosity. Without their love and support, we could not have extended our hands to care for those in need for the past years. All donations go directly to the projects for the poor.

We Build Roads

The roads in the mountain are rocky and muddy. We build cement roads so people can walk and carry their crops home easily.

We Build Houses

The people live in tents. We build houses to provide them a decent place to live.

Build Clean Water Systems

Many rural areas in Vietnam do not have access to clean drinking water. Mission of Love builds filtering systems to provide safe drinking water.

Water Tanks

We provide for each family a water tank to store water for their daily use.

Scholarship

We provide scholarships for poor students.

In addition to fundraising, we bake banana bread to sell once a year on the 2nd and 3rd weekends of January at churches in Orange County. If you are nearby, please come to try our homemade banana bread.

“You must do everything on behalf of our Lord Jesus Christ: He wants to do it Himself, but he is no longer able to do so.”

Bishop Lambert
